REMARKS

Applicants have been in communication with Mark Spencer, Bob Wax and Examiner McCaa at the United States Patent Office regarding the Raw Sequence Listing Error Report issued in the present case. In light of the amendments made herein and the communications with the above individuals, Applicants respectfully submit that this Response fully addresses the issues set forth in the Raw Sequence Listing Error Report.

As to the suggested correction regarding the source of genetic material, Applicants respectfully submit that the sequence listing as filed fully complies with the applicable patent laws and rules and, thus, no correction is required. Namely, Applicants note that the sequence of question relates to peptides, which are described as being prepared by peptide synthesis (see page 33, line 3 of the present disclosure).

In light of the above remarks and amendments, withdrawal of the Errors noted in the Raw Sequence Listing Error Report is respectfully requested. Accordingly, Applicants respectfully request early consideration and allowance of the subject application.

Should the Examiner wish to discuss any of the amendments and/or remarks made herein, the undersigned attorney would appreciate the opportunity to do so
